Valuation

Valuation comes in many different shapes and sizes. It is also dependent on the specific facts and circumstances of the particular situation. To adequately address these issues, it is important to utilize the services of an experienced and qualified valuation analyst.

Sponsel CPA Group's valuation services team has experience valuing entire businesses, partial ownership interests of businesses and various assets owned by businesses. Our services range in scope from specific calculation-engagements (applying a single valuation method or formula) to comprehensive *valuation engagements* (an all-inclusive analysis of the various value drivers).

We have valuation experience in the following areas:

- Mergers, acquisitions, reorganizations and buyouts
- Structuring of stock restriction and buy/sell agreements
- Estate, gift and income tax planning and compliance
- Fair value measurements (accounting compliance)
- Litigation related to
 - Marital dissolution
 - Shareholder disputes(dissent/oppression/dissolution)
 - Bankruptcy

Our professionals have credentials from the American Institute of Certified Public Accountants and the American Society of Appraisers. These organizations are leaders in the training and education of valuation professionals.

Litigation

Like valuation services, litigation services take on many forms that necessitate the use of experienced and qualified professionals.

Our team has served as both consulting and expert witnesses. We have litigation experience in the following matters:

- Expert witness testimony
- Economic damage analyses
 - Lost profits
 - diminution of business value (lost value)
