Employees who are empowered, acknowledged and rewarded produce better results. By investing in our team members, we create a culture that encourages and rewards hard work, smart thinking and an aggressive dedication to personal and proactive client service.

This uncommon attention to service allows us to offer our clients greater depth of knowledge, more value and deeper satisfaction.

Sponsel CPA Group solves your problems and improves your business.

Client-Focused.

Our service culture makes it easy and enjoyable for clients to work with us. Whether it's a small business, a large company with a complex operating structure, a nonprofit or a high net worth individual, Sponsel CPA Group offers a full range of accounting and business advisory services.

We tailor a professional delivery system that serves our clients efficiently and in a manner with which they feel most comfortable — a system that has earned us a spot on the *Indianapolis Business Journal's* list of top 25 accounting firms in the city.

With your CPA firm, you want a partner that appreciates and understands the uniqueness of your business. You want a dedicated team that will provide outstanding service with a deep base of technical knowledge at your disposal. By possessing all of these qualities, Sponsel CPA Group is able to provide relevant advice that helps you feel confident in making critical business and financial decisions.

Community-Minded.

We are passionate about three things: our clients, our people and our community. Our partners and team members believe in giving our time and talents to charitable, philanthropic and community-based organizations.

By bringing professional and personal fulfillment together, Sponsel CPA Group is able to attract top talent — something that is good for business and our people.
